## INTRODUCTION

From time to time, individuals or organizations express an interest to donate money, goods or services to the State of Arizona, one of its agencies or one of the State's political subdivisions. Often in such circumstances the donee is requested to present proof of its tax exempt status so that the donor may have additional support in claiming an income tax deduction. This SAAM section and the related Declaration of the State Comptroller provide such support. Related to this topic is the form entitled Donation Acknowledgement and Receipt, which may be used to acknowledge donations and establish certain requirements for the acceptance and receipting of donations.

## POLICY & PROCEDURES
